ABOUT THE COUPLE

Keilih and Evan Skrepnek met two years ago at a bar in Las Vegas. It happened to be Keilih's first visit to Sin City, and Evan was there on a work trip. "The crazy part is that we both lived in the same area, but it took Vegas to bring us together," shares Keilih.

Keilih and Evan got engaged after one year together. The extravagant proposal went down in beautiful Napa Valley. Evan planned a romantic trip to California wine country, and when they arrived, a private helicopter was there to whisk them off to the vineyards. Once they landed, they enjoyed a picnic on a mountain with Keilih's favourite champagne, cheese, and chocolate-covered strawberries. "As we were sitting on the picnic blanket, Evan told me to stand up and as soon as he said that, the waterworks started (on my end), and he asked me to marry him," recalls Keilih. They returned by helicopter and when they landed, Keilih's mother was there to greet them. The newly-engaged couple then had a celebratory dinner with Keilih's mom and her future in-laws.

Keilih and Evan were married on October 19, 2018 in Vaughan, Ontario. Ellie Martires of **LAURA & CO. EVENTS** provided full planning and design services.

Keilih's soft bouquet contained groupings of champagne, ivory, and nude garden roses accented with wispy astilbe and silver dollar eucalyptus. The final touch was a rosary with a photo of Keilih's late father that was wrapped around the stem. The bouquet was designed by **RACHEL A. CLINGEN WEDDING & EVENT DESIGN,** who provided all floral and decor for the day.

RUSTIC GARDEN

Keilih and Evan were married at **THE ARLINGTON ESTATE** under the prettiest draped canopy covered in garden roses and fresh foliage. The **RACHEL A. CLINGEN WEDDING & EVENT DESIGN** team designed the space to look slightly overgrown while still maintaining an elegant feel. More trailing florals and greenery lined the aisle, adding a natural pop of colour to the otherwise white ceremony decor. The father of Keilih's maid of honour officiated the ceremony and according to the bride, her favourite moment was seeing Evan at the end of the aisle. "Before the ceremony, I was extremely emotional. As I started walking down the aisle with my mother, my eyes started watering a little, and once I saw my now-husband, all I could do was smile," recalls Keilih.

The couple had guests write well wishes on a 1-litre bottle of Silver Oak wine (this wine is made in Napa Valley, where Evan proposed) in lieu of a traditional guestbook.

The reception was held indoors at **THE ARLINGTON ESTATE** where **RACHEL A. CLINGEN WEDDING & EVENT DESIGN** brought a rustic garden concept to life, as well as provided three statement chandeliers.

There were two undeniably impressive floral focal points: the first was the 80-ft long arch of greenery that spanned the length of the head table, and the second was the ceiling installation comprising thousands of fresh wisteria blooms. Situated in front of the head table was Keilih and Evan's monogrammed dance floor, designed by **PAPER & POSTE** and produced by **EVENT GRAFFITI.** **BB BLANC INC.** provided AV, rigging, and lighting, which included sparklers during Keilih and Evan's first dance.

Sausage 'N Egg McMuffins were also served later in the evening.

Keilih and Evan celebrated their marriage with a European honeymoon that took them all over the continent, starting in Greece and ending in Spain. According to Keilih, "We started in beautiful Santorini with magical sunsets and relaxing days enjoying the view, then made our way to Paris where we enjoyed lots of cheese, baguettes, and wine! (Also some shopping of course!) We then went to Monaco where we ate, drank, gambled, and took a joyride to Nice. Afterwards, we headed to Rome (enjoyed A LOT of pasta) and ended the trip on the beach in Barcelona." Upon returning from Europe, Keilih and Evan settled back into daily life in Kleinburg.
